

Starting Lineup

1 Bedroom

1 Bath

Total: 556 Sq. Ft.

Talk about flexibility! The Trailblazer is a go anywhere, do anything plan that has multiple uses. Make it your starter home, detached guest home, rental unit, pool house or even a backyard studio or office. You could even place the Trailblazer atop an existing flat roof structure for use as a rooftop office. This innovative Excel Homes unit ships 95% complete, with only minimal work required on-site.

Options include patio doors. And like the other plans in Excel's "Starting Line Up" series, this home is ENERGY STAR and green ready, affordable and, in most cases, can be set and finished in as little as one day. Optional appliance package available.
